

## Software innovation: boosting high-tech employment and industry

**On 4-5 December, the ITEA & ARTEMIS Co-summit 2013 will be held in Scandic Infra Business Center in Stockholm, Sweden. This will be the 6th edition of the Co-summit, organised by ITEA – the EUREKA Cluster on software-intensive systems and services – and by the ARTEMIS Joint Undertaking on embedded systems.**

This year's Co-summit featuring international keynote speakers, a high level panel discussion, an inspiring project exhibition including speakers' corners fuelled by the project teams themselves, is dedicated to: *Software innovation: boosting high-tech employment and industry.*

During the entire Co-summit, visitors will be able to roam around the project exhibition and share insights with key representatives from more than 80 leading European R&D&I projects. Both ITEA and ARTEMIS projects and their results will be showcased in terms of innovation, business impact and exploitation. This year, the exhibition will include a special focus area with projects related to the topic of 'Smart Cities'.

### **Programme & Registration**

Registration for the Co-summit is open. For more Co-summit information and registration, please go to our event website: <http://www.itea2.org/cosummit2013>
